How to Make Your CRaTER Mini Comic

1. Start with the title page in the bottom-right corner. The title page has the astronaut and the words “COSMIC RAYS!”

2. Fold the paper in half widthwise.

3. Fold back the edges, as if you were making wings on a paper airplane. Cut along the dashed line.

4. The result should look something like this.

5. Fold the top half of the paper over and back.

6. Fold the pages into a comic book. Make sure the title page stays on the front. Now you can draw and make your own mini comic books!
